

American Toad Rules

Objective

The eight foundations are built up in suit from the rank of the first foundation card played, until all thirteen cards of each suit have been played, wrapping from King to Ace as necessary.

Layout

- 8 foundation piles (across top) - build up in suit from the rank of the first foundation card played, until all thirteen card of each suit have been played until each pile contains 13 cards. Each pile must be of a different suit.
- 8 tableau piles (below foundations) - build down by alternate color. Move groups of cards if they are in sequence down by alternate color. Spaces can be filled by any card or legal group of cards. At the start of the game 1 card is dealt to each pile.
- Stock (top left, face down) - turn over 3 cards at a time, by clicking. One redeal.
- Waste (next to stock) - Top card always available for play on the tableau or foundations.
- Reserve (below stock) – Top card always available for play on the tableau or foundations. When a tableau is empty, top card takes its place.
